

Foster parents are greatly needed in Martin & Faribault Counties. Foster parents provide love, understanding, stability, and patience while children and their birth parents work through the difficulties of their lives.

Would you
like to make a
difference in
the lives of
area children
and their
families?

Foster parents need to be 21 years of age or older, can be married or single, can either own or rent their home, and must be able to pass a background check.

We need your help!
